C. DANA GIBSON VISITS FIELD

Famous Artist Visits Battlefield with Wife and Daughter. Mrs. Gibson's Father also here. Other Prominent Visitors.

Charles Dana Gibson, the famous artist, arrived in Gettysburg Thursday evening, made a tour of the battlefield, spent the night at the Eagle Hotel and left this morning to continue an automobile trip through Southern Pennsylvania and Maryland.

The party was composed of Mr. and Mrs. Gibson, C. W. Langhorne, of Richmond, Virginia, father of Mrs. Gibson and of the five Langhorne daughters, known all over the country for their beauty; Miss Irene Gibson, and Miss Nancy Perkins, of Richmond.

Mr. Langhorne fought in the battle as a member of Kemper's Brigade, a part of Pickett's Division, and he took the keenest interest in his trip over the battlefield. Miss Gibson poses frequently for her father's pictures.

Captain Henry Metcalf and Dr. John M. Hills left this morning for New York City after spending several days here in a study of the battlefield during which time they stopped at the Hotel Gettysburg. Others registered at the Gettysburg today were F. M. Woodruff and C. E. Scouter, of Fulton, New York; Mr. and Mrs. Frank E. Woodruff, of Dayton, Ohio; Mr. and Mrs. Thomas P. Smith, of Waltham, Massachusetts.

Persons of prominence registered at the Eagle Hotel to-day were Mr. and Mrs. Louis P. Church, of Hudson, New York; Mrs. George S. Good, Lock Haven; Ralph E. Good, Patterson; and the following composing a party from New York City, Mr. and Mrs. C. K. Jones, Mr. and Mrs. W. C. Cleveland, Eva A. Laughlin, M. C. R. Arnold.

HOUSE ROBBED

Leitzell Home in Albany is Burglarized and Valuables are Taken.

The home of Rev. and Mrs. C. W. Leitzell, of Albany, N. Y., well known here, was robbed for the fourth time on Sunday evening while they were attending church service. Entrance was gained by cutting out a window. The parsonage and church were erected as one building and, before starting their operations, the burglar or burglars locked the door leading from the parsonage into the church. Rev. Mr. Leitzell had on Saturday packed a grip containing a number of papers belonging to his mother's estate. This was taken as well as a quantity of jewelry, clothing and other valuables. Several days after the robbery Mr. Leitzell received the deeds and other legal papers by mail. On one of them was written "Robbery is no longer a disease".

Rev. Mr. Leitzell is a graduate of the college and seminary here. Mrs. Leitzell is a daughter of Mr. and Mrs. Levi Mumper of Gettysburg and both have a large circle of friends in Gettysburg.

ADOPT SCHOOL BUILDING PLANS

School Board Decides to Place Additional Story on Present Auditorium Room of High School Building without Other Enlargement.

The Gettysburg School Board, at a special meeting in the Court House Thursday evening, adopted the plans of Architect John W. Crowe for the enlargement of the present High School building.

The plans provide for the construction of an additional story over the present main auditorium room. The original idea of extending the one or more walls of this portion of the building has been abandoned, in part because of financial considerations. It is believed that the building, as enlarged under Mr. Crowe's plans, will provide for all the needs of the school for some years to come.

The auditorium, or main assembly room as it is sometimes called, will be placed on the second floor of the rear part of the building, instead of on the first as at present. This will allow the erection of the necessary partitions on the first floor and will allow the main assembly room, as at present, to be free of any pillars. Had the second story been constructed and the first been used for assembly purposes such pillars would have been necessary in the large room to support the floor above.

This new second story will provide for the seating of about 170 pupils, and yet conform to all the requirements of the state regarding light and air space per pupil. The present number is in the neighborhood of 140 and it is believed this will allow for the increase in enrollment expected in the next year or two. After that, some provision will have to be made and the present idea is to have the Senior class meet in another room—a condition which is not in conformity with the desires of the teaching force at the school but from which the board sees no escape.

Under Mr. Crowe's plans the present auditorium will be converted into two large class rooms, a principal's office, stock room and library.

No estimate of the cost of the work has been prepared. Bids will be asked to be handed in not later than noon, May 18. The building committee is composed of Messrs. Speese, Taylor and Plank. It is the purpose of the board to have everything completed and ready for use at the time of the opening of school in September.

AFTER BOB WHITE

Officer Emmons Starts on Western Trip for Young Englishman.

Chief of Police Emmons left Gettysburg Thursday afternoon for Chicago to get Bob White, Gettysburg's well known young English visitor. The delay in starting for White was due to the time necessary to get the extradition papers from the authorities of Pennsylvania and Illinois. When Mr. Emmons left he could give no definite information about the date of his return.

WON SIXTH GAME

College Team Continues its Unbroken Line of Victories.

The Gettysburg College base ball team won its sixth consecutive victory at Lancaster on Thursday afternoon when they defeated Franklin and Marshall at Lancaster by the score of 8 to 0. Sherman pitched for Gettysburg and struck out fourteen men. Of the six games played so far Gettysburg has held their opponents scoreless in four.

GOT NO DAMAGES

Defendants Win in Both Hotel Damage Suits.

After being out about five minutes the jury in the cases of Malcolm Frank and Benj. Metzger vs. the Blue Mountain House Company and Bond and Gibbons, tenants, for \$50,000 and \$25,000 damages as the result of damages sustained in the fire at Blue Mountain House, Thursday returned a verdict for the defendants in both cases in the United States Court in Baltimore.

The defense proved that there was sufficient light in the hallway for them to escape and that other families on the fourth floor of the hotel had escaped. The bell boys, it was shown, went through the hotel and notified guests and that every means was taken for the guests to get out of the building. It was also shown that the management had in no way been negligent in arranging means of escape in case of fire.

Messrs. Frank and Metzger were badly burned in the fire. They claimed that an opening supposed to be an exit was a lumber room and that the only way they escaped death was by tearing away part of the flooring and dropping to the third floor.

MORE TROUBLE AT CARLISLE SCHOOL

Another Employee at Government School Has Charge against him. Conditions there Getting More Unsatisfactory. Do not Like Delay.

Acting Superintendent Lipps, of the Carlisle Indian School, has reported to Commissioner of Indian Affairs Sells, at Washington, that the demoralization there is increasing.

A cook, he stated in a formal charge, had taken one of the Indian boys to a saloon in Carlisle and bought him liquor. This is against the law, and the cook is subject to a fine and imprisonment.

Commissioner Sells, with the new charge before him, has four cases to dispose of in connection with the Carlisle school. He will act on them at the same time, and indications are that all those accused will be dismissed and some proceeded against criminally. Those accused are:

Moses Friedman, superintendent, suspended on the charge of incompetence and permitting irregularities regarding the funds to exist.

W. K. Stauffer, bandmaster, suspended for clubbing an Indian girl.

Seceni Nori, chief clerk, charged with misappropriating funds and destroying documents.

The fourth charge is that just made against the cook.

Representatives of the Indian Rights Association, with headquarters in Philadelphia, are becoming impatient at the delay of Commissioner Sells in formally acting. The investigation against the first three men was completed more than a month ago.

Since that time, the acting superintendent reports, the demoralization at the school has grown, because the Indian pupils believe that pressure had been brought to save the men they think should have been dismissed long ago.

Political and other pressure has been used upon Commissioner Sells in behalf of Mr. Friedman. Those who know Commissioner Sells say that he cannot be swayed by any influence, no matter how powerful.

L. T. L. MEETING

Departments Report on Various Phases of their Work.

A business meeting of the Walter Loyal Temperance Legion was held on Wednesday at the home of Miss Alice L. Black, Flora Dale.

Under reports from departments the Mercy department reported one thousand pages of literature distributed in the schools of Butler and Menallen Townships.

The attention of the meeting was called to the fact that two Harrisburg newspapers refuse to print advertisements of retail or wholesale liquor dealers.

Among the visitors present were, Mary Boyer, Martha Boyer and Elizabeth Griest.

After an interesting program the meeting adjourned to meet at the home of Mrs. Z. J. Peters, Guernsey.

ARMISTICE AS ENVOYS MEDIATE

United States Suspend Hostilities.

WAITING ON CARRANZA

Rebel Leader Failed to Accept Amnesty Proposal.

ASK AID OF THE POWERS

The Latin-American Mediators Appeal to the European Powers to Avert Crisis in Mexican Situation.

Vera Cruz Casualties.
The latest report received by the navy department of the American casualties in the occupation of Vera Cruz follows:
Dead.

Washington, May 1.—Secretary Bryan announced that the South American envoys seeking to mediate in the Mexican crisis had been notified that this government "would assume that there would be no hostilities between the United States and the Huerta government during the progress of mediation."

Announcement was made that Huerta consents to a cessation of hostilities between himself and the United States pending the mediation proceedings, but not between the Federals and the Constitutionalists.

It was also learned that a proposal to General Carranza, as head of the Constitutionalists, to join the armistice proposed between the United States and Huerta, has been made by the mediating envoys. The proposal was forwarded to General Carranza following his acceptance of the good offices of Brazil, Argentina and Chile, and is a part of the plan of the envoys to secure a general cessation of hostilities in all Mexico pending the mediation negotiations.

The mediators were greatly encouraged in their work by the definite results already accomplished, first in paving the way to an armistice among all the warring factions and, second, in bringing Carranza within the scope of their intermediation. It has been a matter of surprise to diplomatic and official circles generally that this much has been accomplished by the mediators in the few days that they have been at work, and doubts as to their efforts which circulated in some quarters during early stages are giving way to a more general feeling of confidence.

It still is felt, however, that the crucial stage in the negotiations yet is to be met and that this will develop within the next few days.

It was asserted on unquestionable authority that the envoys, who are seeking to avert a crisis, have appealed to European governments for their friendly offices to facilitate mediation. The appeal, it was stated, did not include a request, as reported from abroad, that the powers use their influence upon President Wilson to name conditions which would insure success of the negotiations.

The request of the powers, it is declared, already has borne fruit, as several diplomatic representatives of European nations have consulted with Secretary of State Bryan with relation to the negotiations. Denials of previous reports from abroad with regard to this matter, it was pointed out, were based on the report that the powers had been asked to insist upon a modification of the attitude of the United States.

Officials in Washington who are in touch with the negotiations insist that such action was not even considered, and that the friendly offices of some of the European governments had been extended before the mediation envoys made the general request.

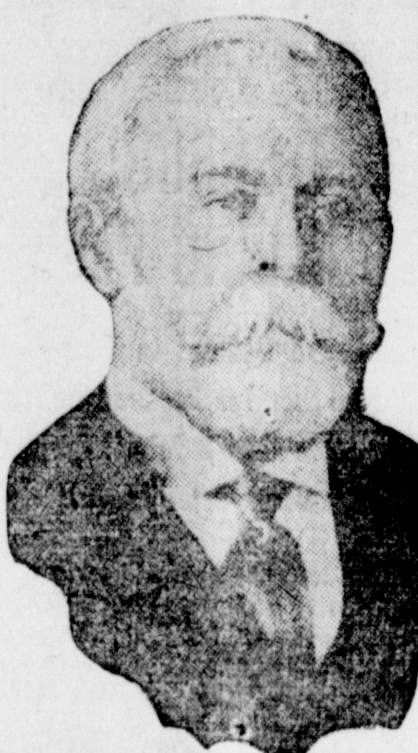

It is believed that any step taken by the European governments probably would be limited to emphasizing through their representatives in Washington the hope that the mediation would be successful and their desire to facilitate this purpose. There was no desire, it is said, on the part of these governments to interfere with the policy of President Wilson.

GENERAL MURRAY.

NO ARMISTICE. SAY REBELS

Villa Prepares to Resume Fighting and That Is Answer to Mediators.

Chihuahua, May 1.—Representatives of the rebels declared that the preparations now being made by General Francisco Villa to take the field against the Federal garrison at Saltillo was the best answer to any possible request by the Latin-American countries for a cessation of hostilities between the Federals and rebels.

Villa is expected to reach the front on Monday. He has announced that he will immediately open his campaign against Saltillo and Mexico City. Villa expects to put fifteen brigades, totalling approximately 15,000 men, in front of Saltillo. The movement is not expected to divert rebel troops from Tampico, the capture of which rebels regard as a counter check against the re-establishment of the embargo upon arms.

HUERTA FENCING WITH UNITED STATES

Dictator Accepts Mediation in Principle Only.

Vera Cruz, May 1.—Mexico's agreement to mediation is not without reservation. Dictator Huerta has not yet made up his mind as to how far he is willing to go toward bringing about peace, and the matter of resigning has apparently not been considered by him.

This situation in the Mexican capital was clearly indicated in a message from Lopez Portillo y Rojas, secretary of foreign affairs.

That mediation is acceptable to Mexico in principle only is the keynote of this message, which carries the inference that Huerta has not considered resigning. "Up to now mediation is acceptable to Mexico in principle only," Rojas' message stated. "As soon as the details of mediation to which Mexico is willing to agree are decided upon I will be in a better position to make a statement. I hope mediation will bring a solution acceptable to the dignity of both governments."

Just what satisfying the dignity of the Mexican government in negotiations of this sort carries with it is obvious. Huerta is the Mexican government, or at least that part against which the operations of the United States have been directed.

The dictator may take refuge in flight when his last bluff has lost its effect or when rebel or American troops are pounding at the very gates of Mexico City, but those who have observed him throughout the stormy months of his regime do not expect him to resign. If that is one of the conditions of mediation laid down by the United States there appears to be but slight hope of success.

UPTON SINCLAIR IN JAIL

Well Known Socialist Threatens to Go on "Hunger Strike."

New York, May 1.—Upton Sinclair was convicted of disorderly conduct for his part in the "mourner's" protest in front of John D. Rockefeller, Jr.'s office, 26 Broadway, and was sentenced to pay a fine of \$25, with the alternative of three days in jail. He threatened a "hunger strike."

Sinclair in a speech declared that he was on the verge of a physical breakdown, but would starve if sent to jail. He was locked up.

Mrs. Sinclair joined the "mourner's" again in the parade yesterday despite the rain.

The four women who were arrested with the novelist were given like fines.

U. S. TROOPS HOLD COLORADO MINES

Strike War Ceases as Cavalrymen Reach Scene.

THEY MET NO RESISTANCE

Fourteen Men Were Killed in Wednesday's Fighting Between Strikers and Guards.

Denver, Colo., May 1.—Hostilities in the southern mining district of Colorado have ceased abruptly. Federal troops are now on guard. The trained soldiers met with no resistance when they took possession of the zone in which many battles have been waged for the past ten days, with a loss of many lives.

The troops from Fort D. A. Russell, Wyoming, are in charge of the Fremont county district, and the Trinidad district, in which the hardest fighting occurred, is patrolled by 399 cavalrymen from Fort Leavenworth. Search of the hills in the Walsenburg and Forbes zones, in which a battle raged all day Tuesday and Wednesday, disclosed the fact that fourteen men had lost their lives in that engagement. Five bodies were found at Walsenburg and nine were recovered at Forbes.

The strikers at many points have surrendered their arms after being assured that they would not be taken in to custody.

Among the first to turn over their weapons to the authorities were the 650 strikers who for eight days had fought the militia in the vicinity of Walsenburg. A truce was arranged there and Major General Chase withdrew the militia when apparently they had the strikers under the terms.

Although under the terms of the truce the strikers were not taken into custody, they will be subject to prosecution in the courts for the killing of Major P. P. Lester, of the militia hospital corps, who was shot down while attending a wounded soldier.

The battle at Walsenburg was between 100 state soldiers, divided into two commands, and more than 400 strikers entrenched in rifle pits behind the lava formation of the hills, which form a semi-circle around Walsenburg. The militia had started to the Walsenburg mine, at the far end of the ridge, to aid in the defense of that property.

Under Lieutenant Scott, one detachment advanced along the hills. Captain Swope commanded the other, which followed at a considerable distance in the rear. The soldiers were armed with rifles and service revolvers, and proceeded without thought of attack.

Suddenly from the rifle pits came a rain of bullets over the heads of the first detachment. Lieutenant Scott drew his men up in fighting line and ordered the fire returned. Soon he saw that the attacking force greatly outnumbered his men, and he ordered his men into the arroyo.

For two hours more the fighting continued, and finally the strikers withdrew, carrying their guns with them.

Preliminaries of peace in the southern Colorado strike zone was arranged in a conference between Mayor Holbrook and John Brown, Armando Pelaez, William Diamond and Frank T. Miner, for the strikers.

The strikers' conferees said they had agreed to co-operate with the regulars in restoring peace. They declared that there had been a general understanding that they would not permit their men to bear arms in public or in the tent colonies. They said, however, that the subject of delivering up arms to the United States troops had not been broached.

Favor General Strike as Protest.

Peoria, Ill., May 1.—The Illinois district convention, United Mine Workers of America, adopted a resolution asking the international organization to request the American Federation of Labor to call a general strike throughout the United States in protest against the Colorado labor troubles.

Injured Toe Disables Taft.

New Haven, Conn., May 1.—Former President William Howard Taft is suffering from a slight injury to one of his toes, it was stated. He is not seriously indisposed, but as it was painful for him to walk, his physician has advised him to remain at home for a time.

ROOSEVELT IS SAFE; ILL SEVERAL WEEKS

Colonel Cables His Arrival at Manaus, Brazil.

New York, May 1.—A cablegram received from Colonel Theodore Roosevelt stated that the former president had been ill for several weeks in his exploring trip through Brazil, but is much better now.

The cablegram was sent by Colonel Roosevelt to his cousin, W. Enloe Roosevelt. The message states that the Roosevelt party has arrived at Manaus, Brazil, 900 miles up the Amazon river from the coast, and said that Colonel Roosevelt expected to return in about a month.

The dispatch also contained congratulations for Mr. and Mrs. Richard Derby on the birth of a boy last month. Mrs. Derby formerly was Miss Ethel Roosevelt, the colonel's daughter.

The discovery of a new tribe of Indians by Colonel Roosevelt in Brazil had been predicted by scientists, according to anthropological authorities of the American Museum of Natural History.

That Colonel Roosevelt had discovered a new tribe, Charles W. Meade, assistant curator of the department of anthropology, said was not surprising in view of the fact that the entire territory from northern Argentina and the Caribbean sea has been but little more than touched by explorers. It is believed that 500 different dialects are spoken in that vast area.

HOPE FOR ULSTER PEACE

Solution of Home Rule Snarl Seen in Partition of Ireland.

London, May 1.—Peace at last appears to be near in the Ulster trouble.

It is believed that a settlement satisfactory to all factions will be reached within a few days. Following Winston Churchill's olive branch, offered during the debate on the Unionist vote of censure, Sir Edward Carson replied with the most peaceful and hopeful speech that has yet been made in parliament on the Irish question.

To add to the peaceful tone, Bonar Law associated himself with the negotiating spirit of the "King of Ulster," so that the talk in the house of commons is all peace.

Home rule for Ireland, however, will have for its basis the exclusion of Ulster, which will remain under the domination of the British parliament, while the rest of Ireland will have a parliament of its own.

Wireless Crosses Mexico.

Vera Cruz, May 1.—Among the wireless messages reaching Rear Admiral Badger's flagship was one from the cruiser South Dakota on the western coast. It was said the cruiser had about sixty-five refugees from various points.

TO GIVE EXHIBITION

Man who Painted New Curtain at Walter's Theatre.

It is with great pleasure that the management of Walter's Theatre announce that they have induced Wm.

Alexandre Depew, the famous painter, to give his extraordinary exhibition here at the theatre on Friday and Saturday nights. Mr. Depew has been here for some days looking over the battlefield and superintending the placing of a new steel curtain in the theatre, which will make the show-house one of the safest in the state. During the course of Mr. Depew's entertainment he unveils the secret of the art of painting.—advertisement

GET MANY BODIES FROM W. VA. MINE

All Were Burned Beyond Recognition.

FOUND HEAPS OF DEAD

Hope is Now Gone That Any of the 172 Men Trapped by Explosion Are Alive.

Eccles, W. Va., May 1.—More than a score of the bodies of miners who perished in the gas explosion in the mines of the New River Collieries company here on Tuesday, were found piled in heaps at the foot of shaft No. 5 by a government rescue party.

As most of the bodies were burned beyond recognition, mining experts have abandoned all hope of finding any of the 172 men entombed by the explosion alive.

The discovery of the bodies caused great excitement in the mining village. Relatives of the men trapped in the mine who had returned to their homes to seek rest after their long vigil rushed back to the tipple. Women and children fought with the men to view the bodies as they were being brought up, and deputy sheriffs and guards had to force the frantic women back.

Equipped with safety helmets and other rescue devices, a party of fresh government rescue men under J. W. Paul, chief engineer of the Pittsburgh station of the bureau of mines, descended in the cage. They found the air singularly free from poisonous gas and hope was strong that some of the entombed men might be found alive. Hope died with the discovery of the first bodies.

A few yards from the bottom of the shaft the party stumbled over a pile of six bodies huddled in a heap and burned beyond possibility of recognition. Going further into the entries, additional bodies were found. It was evident that the men had fought desperately to reach the foot of the shaft after the explosion, only to find that their only means of escape had been cut off by debris.

Further exploration was temporarily suspended until the bodies already found could be brought to the surface. They were removed to an improvised morgue established near the mine to be prepared for burial. Two carloads of caskets have arrived, and in these the dead were placed. The explorations will be resumed.

All night long the throng of waiting people kept their places on the mountainside. Many of the mines in the district closed and the miners and their families joined the people of Eccles in their weary watch for news. Many of the miners have been demoralized by the sheriff to assist in keeping back the crowds and controlling the situation when the real extent of the catastrophe becomes known.

The cause of the explosions has not been really established, though it is supposed that negligence on the part of the mine officials or by one of the men, who may have unwittingly failed to observe the regulations regarding precautions against danger in the gaseous chambers.

HAD CARNEGIE MARKED

Mahoney Refuses to Tell of Two Others He Wanted to Kill.

New York, May 1.—Three men besides Mayor John Purroy Mitchell, whom Michael P. Mahoney attempted to kill on April 17, but instead had wounded Corporation Counsel Polk, were on the list of men Mahoney had marked for death.

One of these was Andrew Carnegie, according to the testimony of Dr. Manas S. Gregory, of the psychopathic ward at Bellevue hospital, at the inquiry into Mahoney's sanity. Dr. Gregory said Mahoney had told him of Carnegie, but would not give the names of the other two men. Mahoney became much excited at the doctor's testimony.

"Why don't you give my side of the story?" he shouted. When asked if he intended to kill Mr. Carnegie, he snapped back: "That's my business and none of yours."

Dr. Gregory gave it as his opinion that Mahoney was suffering from pre-senile dementia, or delusions which precede a stage of senile dementia. The prisoner was taken to his cell in the Tombs at the conclusion of the hearing.

Mme. Nordica Dying in Java.

Batavia, Java, May 1.—Mme. Lillian Nordica, who arrived here quite ill nearly a month ago, has had a relapse and is sinking. The doctors give up all hope of her recovery. She had engaged passage for Genoa, where her husband, George W. Young, of New York, had expected to meet her.

MEXICANS FIRE ON U. S. VESSEL

Federals and Rebels Join in the Attack.

Vera Cruz, May 1.—The Ward Line steamship Antilla was fired upon by both Federals and the rebels at Tampico on Wednesday, according to a dispatch received here by wireless from that seaport. The steersman of the vessel was struck by one of the shots and killed.

The Antilla left New York April 18 and was flying the Cuban flag. The vessel was first raked by the Federal guns, and then as she was running out from the city the rebels from their position near the mouth of the Panuco river opened fire on her.

The commander of one of the British boats lying off Tampico filed a protest with the Federal and rebel commanders.

R. R. STRIKE AT SUNBURY

Pennsylvania's Shops Tied Up When 900 Employees Quit Work.

Sunbury, Pa., May 1.—Approximately 900 machinists, carpenters, shopmen, laborers, baggage assistants and all employees identified with the new federated labor organization and sympathizers, employees of the Pennsylvania railroad, went on strike at the Sunbury and Northumberland yards, shops and stations.

Only the clerks and a few other employees are at work. There are said to be more than a hundred locomotives at Northumberland needing repairs, and the shops are reported flooded with work.

Officials of the Pennsylvania Railroad company conferred with L. W. Allibone, superintendent; A. L. Groves, master mechanic, and B. F. Bright, trainmaster. The strikers said their action is the result of the Pennsylvania railroad suspending and laying off men who joined the federation recently formed at Sunbury.

The strikers are said to be trying to influence the Renovo, Williamsport, Harrisburg and Altoona men to join them.

Militant Hurls Petition at King.

Cambridge, Eng., May 1.—When King George was driving in his auto here a militant suffragist hurled a petition into the carriage. The woman aimed directly at the king's head, but her aim was faulty and the chauffeur was hit. The king was driving slowly through an applauding crowd at the time the woman broke through the police lines.

WILL OPEN PEN MAR

New Dance Pavilion Cannot Be Built This Year.

There is very good news for the many people who enjoy Pen Mar park and all its amusements. The park will be conducted by the Western Maryland Railway Company, this year, as has been heretofore. Prof. John Bohl and his orchestra will be there as usual. A number of improvements will be made but the old dance floor will remain.

Aqueduct Gets Classics.

All the turf classics of the old Gravesend track, as well as most of the features of the Aqueduct association, will be run off at the latter's course on Long Island this summer.

A fine program of fifteen days' racing has been arranged by the directors of the Queens County Jockey club, to begin on June 27 and end on July 14.

Some of the important stakes are the Brooklyn Handicap, Carter Handicap, Brooklyn Derby, Queens County Handicap, Rockaway stake, Canarsie stake and the Astoria Dinner stake. The Brooklyn Handicap was run off at the Belmont park track last year in conjunction with the Westchester Racing association's meeting. The race will be worth \$5,000, with that sum guaranteed to the owners.

The Carter Handicap has been the feature event at Aqueduct since that course became prominent in the racing circuit of New York. In the golden days of the turf it was the first \$10,000 handicap of the racing season. It will not be worth that sum this year, but will have \$2,500 added to the regular sweepstakes. The Brooklyn Derby, Queens County Handicap and Rockaway and Canarsie stakes will have from \$1,000 to \$1,500 each added.

None of the overnight races will have less than \$400 added, but the majority of the events will have \$500 added to the sweepstakes.

Yale Crew Named.

The lineup of the two Yale varsity boats as they will race will probably be unchanged from the seating used by Coach Guy Nickalls at present. The lineup does not include Fitzpatrick, who rowed at No. 5, but suffered a nervous breakdown and has not been allowed to return, nor Gilliland nor Vonder Ropp, both considered among the best available material.

The lineup will probably be: First Boat—Stroke, Croker; 7, Denegre (captain); 6, Rogers; 5, Stillman; 4, Meyer; 3, Jenkinson; 2, Harrison; bow, Cushman; coxswain, Moore.

Second Boat—Stroke, Appleton; 7, Low; 6, Sheldon; 5, Sturtevant; 4, Oakes; 3, McHenry; 2, Coe; bow, Stauffer; coxswain, Blackburn.

Murray a Comer.

Billy Murray of Sacramento, Cal., gave Jimmy Clabby the fight of his young life in their recent bout at Cof. froth's Daily City arena. The result was decided a draw after twenty rounds of fast fighting.

It was Murray's debut as a first rater, and he established beyond any doubt that he belongs in the first division of middleweights. Murray almost had the clever Hammond boy out in the fifteenth round, but by bringing his cleverness into action Clabby was able to stem the tide.

Clabby was wild at times and his judgment of distance poor. Murray is rated as a champion possibility by experts after seeing his performance.

Williams a Great Flinger.

George Moriarty of the Detroit Tigers says Johnny Williams, the Hawaiian speed artist, will be a star pitcher in the American league. Moriarty picks Williams as being the best of the young right-handers and a fellow who will make his mark in baseball. "Williams has the natural ability and the head and heart to go with it," says George. "There are a lot of pitchers with the ability of a Johnson, but they lack brains or the heart and as a consequence they are not even fair minor leaguers. Williams has a disposition that never gives up and I honestly believe he is one of the best young right-handers I have ever seen."

After Sickness

Mrs. Gardner Tells How to Restore One's Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After gripe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation.

Mrs. M. T. Gardner, Chicago, Ill., says: "After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter. I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended. Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity to my step which I had despaired of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. People's Drug Store, Gettysburg, Pa.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Thickness and Lustre at Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy", thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft, and luxuriant and you appear years younger.

National Register No. 8386.

DESCRIPTION

VAINQUEUR III DE HARMINGINIES is a beautiful bay with dark points, 3 years old and weighs about 1600 lbs. He has fine style and action, a kind disposition and is fearless. These combined qualities make him a satisfactory horse to breed from to raise colts that will bring good prices. It is the good ones that find a ready sale at profitable prices.

Terms

\$15.00 to insure or \$25.00 to insure two colts, payable when mare is known to be in foal. All accidents and escapes at owners risk. Breeders parting with mare, before they are known to be in foal, will be held responsible for insurance.

Will make the season from April 1st until July 1st at the owner's stable.

WHEN SHAD IS PLENTIFUL.
SHAD is one of our most popular food fishes, and now that it is in season those who are fond of it are enjoying it in every style.
Shad Timbales.—Free the fish from the skin and bones, chop as fine as possible and pound to a pulp. Press this pulp through a fine sieve. To each cupful add half a teaspoonful of salt, a little cayenne, the raw white of one egg and a little thick cream. Beat until blended and smooth, putting in the cream at the last. Have ready timbale molds, well buttered; fill even full with the mixture, place in a deep pan, pour around the molds some boiling water, cover molds with buttered paper and bake in a moderate oven.

Cooked In Salted Water.
Boiled Shad.—For this purpose the fish need not be scaled, but simply cleaned and washed. Put into boiling salted water and boil slowly for three-quarters of an hour. Drain and serve on a napkin garnished with sliced lemon and parsley.

Spiced Shad.—When the shad has been washed and dried place it in a large baking pan with pepper, salt and butter and bake slowly for twenty minutes. Then sprinkle with one teaspoonful of cloves, cinnamon and allspice and a dash of cayenne and pour over this one cupful of vinegar and bake half an hour more.

With a Ham Dressing.
Baked Shad.—Keep on the head and fins. Make a dressing of grated bread crumbs, cold boiled ham or bacon minced fine, sweet marjoram, red pepper and a little powdered mace or clove. Moisten it with beaten yolks of eggs. Stuff the inside of the fish with it, reserving a little to rub over the outside, having first rubbed the fish all over with yolk of egg.

Planked Shad.—Select a firm, good sized fish and cut off the head and tail and detach the spinal bone. Season inside and out with salt and pepper and roll in flour. Now fry in butter or olive oil for five minutes. The plank, which is preferable when made of oak, should be well oiled with olive oil. Place the fish on the plank skin side down and bake in an oven for twenty minutes. Garnish the fish with lemon and parsley and serve on the plank.

Moving Upward.

There is much wisdom in these words of Emerson: "Every man takes care that his neighbor does not cheat him. But the day comes when he begins to care that he does not cheat his neighbor. Then he has changed his market cart into a chariot of the sun."

Look Always to New Day.

Finish every day and be done with it. You have done what you could. Some blunders and absurdities creep in. Forget them as soon as you can. Tomorrow is a new day. You shall begin it well and serenely, and with too high a spirit to be encumbered with your old nonsense.—Emerson.

SEEDS FOR THE GARDEN

Planting-time has come again. Many things will be needed, of course. Seeds must be chosen, implements bought—perhaps men hired to do the work. A timely season to make use of the service offered by the advertising in your daily newspaper. Many merchants and manufacturers have anticipated your every want. They are using the advertising columns to tell you what they have to offer. All you have to do is to read what they have to say and decide to the advantage of your own pocketbook.

Housekeeping Is Not the Task It Used to Be

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Mop

Polish Mop

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Polish Mop. It gathers all the dust or dirt from everywhere and holds it. The mop is easily cleaned by washing and then renewed by pouring on a few drops of O-Cedar Polish.

Try It at Our Risk Try it two whole days with this understanding: If you do not find it satisfactory in every respect we will return your money. The price is only \$1.50 and it will save its price many times over in a short time.
